

What every patient should know before choosing a dentist.

1. Does your dentist use digital radiography?
2. Does your dentist use a computerized anesthesia often called the Wand?
3. Does your dentist and his team take continuing education courses to stay current with the rapid changes in dentistry?
4. Does your dentist offer Zoom whitening?
5. Does your dentist treat TMJ?
6. Does your dentist use the Diagnodent?
7. Does your dentist use Air Abrasion?
8. Does your dentist provide superb friendly customer service and have a pleasing atmosphere?
9. Is your dentist office computerized for greater efficiency and accuracy?
10. Is your dentist a complete family dentistry from complete cosmetic smile makeover to Pediatric needs?
11. Is the office located in a convenient location?

How does Mid Valley dental stack up to these important questions?

1. Does your dentist use digital radiography?
Yes, we use digital radiography for 75% to 85% less radiation exposure, using no chemicals to pollute our environment.
2. Does your dentist use a computerized anesthesia often called the Wand?
Yes, we use the Wand for the most gentle way of achieving anesthesia
3. Does your dentist and his team take continuing education courses to stay current with the rapid changes in dentistry?
We are committed to continuing education allowing us to provide you with the highest quality of treatment available.
4. Does your dentist offer Zoom whitening?
Yes, we offer Zoom in office whitening: a safe, time saving, fast way to brighten your smile.
5. Does your dentist treat TMJ?
Yes, we have years of experience treating TMJ.
6. Does your dentist use the Diagnodent?
Yes, we use a diagnostic laser for detecting cavities. Other outdated methods are less accurate.
7. Does your dentist use Air Abrasion?
Yes, we use Air Abrasion for conservative cavity removal most often without anesthetic.
8. Does your dentist provide superb friendly customer service with a pleasing atmosphere?
Providing outstanding customer service in a pleasant atmosphere is our number one goal.
9. Is your dentist office computerized for greater efficiency and accuracy?
Yes, we are fully computerized and well trained with the latest computer software.
10. Is your dentist a complete family dentistry?
Yes, we are full service providing complete cosmetic smile makeover to Pediatric needs.
11. Is the office located in a convenient location?
Yes, we are located just south of highway 441 with convenient access for the entire Fox Valley and surrounding area.
